5. PRIOR AUTHORIZATION

Prior Authorization Form Assistance and Status Monitoring: Janssen CarePath assists your office in providing the requirements of the patient's health plan related to prior authorization for treatment with SIMPONI®. Assistance includes obtaining the health plan-specific prior authorization form, and providing it based upon the patient-specific information provided on this form. The partially completed prior authorization form will be provided to your office for possible completion and submission in the office's sole discretion. Janssen CarePath also actively monitors the status of prior authorization submission to the patient's plan and provides status updates to your office with respect to this patient's prior authorization for treatment with SIMPONI®.

- I do NOT wish to receive Prior Authorization Form Assistance or Status Monitoring. This opt-out does not apply if you are requesting the patient be enrolled in Delay and Denial Support.
- Prior Authorization is already on file with the patient's plan for treatment with SIMPONI®.

6. PRESCRIPTION INFORMATION (If requesting benefits investigation only, do not complete this section. The prescription is only valid if received by fax. If not faxed, prescription must be submitted on state-specific blank, if applicable for your state.)

Information about your patient's insurance coverage, cost support options, and treatment support is given by service providers for Janssen CarePath. The information you get does not require you or your patient to use any Janssen product. Because the information we give you comes from outside sources, Janssen CarePath cannot promise the information will be complete. Janssen CarePath cost support is not for patients in the Johnson & Johnson Patient Assistance Foundation.

Delay and Denial Support

Janssen offers eligible patients SIMPONI® (golimumab) **at no cost** until their commercial insurance covers the medication. See program requirements below.

Delay and Denial Support Program Requirements

To be eligible, patient must have:

1. a SIMPONI® prescription for an on-label, FDA-approved indication
2. commercial insurance with biologics coverage
3. a delay of more than 5 business days or a denial of treatment from their insurance.

In addition, for patient to be eligible, Prescriber must submit:

4. a program enrollment form*
5. a coverage determination form (ie, prior authorization or prior authorization with exception) to the commercial insurance.

If coverage is denied, Prescriber must also submit a Letter of Formulary Exception, Letter of Medical Necessity, or appeal within 90 days of patient becoming eligible for patient to stay in the program.

Patient is not eligible if:

1. patient uses any state or federal government-funded healthcare program to cover medication costs. Examples of these programs are Medicare, Medicaid, TRICARE, Department of Defense, and Veterans Administration
2. prior authorization is denied due to missing information on coverage determination form, use for a non-FDA-approved indication, or invalid clinical rationale.

Patient is eligible until commercial insurance covers the medication. Program requires periodic verification of insurance coverage status to confirm continued eligibility.

Delay and Denial Support covers the cost of therapy only—not associated administration cost. Prescriber cannot bill commercial insurance plan for any part of the prescribed subcutaneous treatment. Patient cannot submit the value of the free product as a claim for payment to any health plan. Program good only in the United States and its territories. Void where prohibited, taxed, or limited by law. Program terms may change.

Participating prescribers authorize Janssen CarePath to:

1. conduct a benefits investigation and confirm prior authorization requirements
2. provide prior authorization form assistance and status monitoring, including the exceptions and appeals processes
3. refer eligible patients to Wegmans Specialty Pharmacy for further program support and shipment of medication
4. support the transition of patients to commercial product if the medication is covered
5. check insurance coverage status during the program.

*Delay and Denial Support, via Janssen CarePath, cannot accept any information without an executed Janssen CarePath Business Associate Agreement and/or Patient Authorization on file. The Patient Authorization can be found on this Benefits Investigation and Prescription Form, or patient can create an account on [MyJanssenCarePath.com](https://www.MyJanssenCarePath.com) and electronically sign a patient authorization there.
